CSE 300 Online 1

2105017

October 19, 2024

Contents

1 Introduction

This is the first online practice on LaTeX.
We will do some styling in section 2.

2 Styling

This is bold. This is *italic* & so on.

Use of special characters

You can use special characters by preceding with \. Another package can be used named as verbatim. Example: `~!$#\@*^`

3 List

There are 3 kinds of list.

   i Un-ordered

   ii Ordered

  iii Description

Let's see an example of lists:

CSE 311 Data Communication I

- Fourier

  ADC

CSE 305 Computer Architecture

1 MIPS

  (a) *commands*
  (b) *pipeline*

2 Shared memory

CSE 309 Compiler

4 Table

For understanding the use of multi-row and multi-column command see the table 1

Dollar	Rupee	Taka	Euro
			DU
City	Dhaka		BUET
Food			Mosque

Table 1: A table for online test
